What can I donate?

1. Canned, tinned and dried foods with a long use-by date are most valued. Canned meat is particularly appreciated as are name brands and not generic brands.
2. People don't always have can openers, so cans with pull-tabs are very handy.
3. Snacks and lunch items for kids
4. Other basic products such as cereal, coffee, tea and toiletries (soap, detergent, toilet paper etc) are also needed.
5. Personal hygiene products – deodorant, shaving cream, razors, feminine hygiene products
6. Smaller packages are easier to distribute.
7. Good quality boxes and bags come in very handy
8. Pet food is appreciated as well.
9. We are also accepting clothing and winter gear for all ages is very helpful.
